It is the student's responsibility to develop, in consultation with his/her advisor, a plan of study leading to timely completion of coursework, the comprehensive examination(s), and a dissertation. This plan of study will be filed in the student's permanent file. Change of advisor should be filed with the program's Director of Graduate Studies.

## Guided Electives

The guided electives should be chosen in consultation with the student's advisor and committee to meet the career interests of the student. Students must take a minimum of four graduate seminars based on interests and preparation for the comprehensive examination(s). Only six credits at the 400-level will be accepted in the combined degree program of M.A. and Ph.D. Students also may take up to 12 directed study credits for individualized instruction from faculty members on content not available in substantive courses (e.g., a specialized technique of analysis). Students are encouraged to consider the wide array of course offerings at SIU.

## Comprehensive Examinations

Comprehensive exam(s) are required to advance to candidacy. The faculty will define the timing, scope, and format of the examination system. A final copy of all examinations must be deposited with the graduate secretary. In the event of a revision or retake, only one revision or retake is permitted per exam. An oral defense of the revision or retake may be required at the faculty's discretion.

## Dissertation (24 hours)

Each candidate for the Ph.D. degree must write a dissertation showing high attainment in independent, original scholarship and creative effort. A total of 24 semester hours is required. A final copy of the dissertation must be filed with the program and Graduate School.

### **Residency Requirement (24 hours)**

The residency requirement for the doctorate must be fulfilled after admission to the doctoral program and before formal admission to doctoral candidacy, which occurs with successful completion of the comprehensive examination(s).
